There was a brief discussion about hierarchies on the website, and the curation of content for NEASC. Board members expressed interest in an explanation outlining the Internet Archive and Digital Commonwealth connection, as well as state-funded digitization and hosting, and finally, how Digital Commonwealth is a public-private partnership. Discussion was tabled and will be picked up again in January after Operations Manager is hired.

Discussion about next month’s meeting began with focusing on justifying by-law changes (last updated/reviewed in 2016) to DC’s membership. Procedures are outlined online, and in-person meeting with 10% total member attendance (~25 people) is needed to vote in/approve changes. While holding such a meeting at the Conference was floated, Evan Knight recommended a standalone event/meeting for reconnection and engagement purposes. It was additionally noted that a standalone event would provide an opportunity to follow up with members about all of the newly published statements on the website and ask for feedback. It was generally agreed upon that DC will provide notice in December of an annual meeting to all existing members for an event to be held in January, thereby adhering to at least 30 days of notice regarding a meeting to membership at-large.

Meeting was adjourned at 12:20pm
Next Meeting: November 16, 2021. 10:00am-12:00pm. (Zoom)
